

# SOUTHERN EXPOSURE

## A 1 x 52', 1 x 120' or 3 x 30' Documentary from Eyefull Video Productions

Three years in the making, Southern Exposure is the first documentary that lifts the curtain of lies, half-truths and misinformation to reveal the many facets of illegal immigration to the USA.

The result is a hard-hitting investigation that chronicles the back-stories of drug cartels & human trafficking, the consequences of demographic changes, the resurgence of contagious diseases and the rise of racism and it's corollary; Ethnic Studies programs taught in schools that promote the myth of Aztlan – that the Southern States are part of the Mexican homeland.

Long seen as a taboo subject, Southern Exposure is unflinching in identifying the consequences of illegal immigration, sensitive to those who risk everything to make the crossing and comprehensive in it's analysis of the effects – both direct and indirect.
